

英文哲學課（七、八及九、十年級2級制課程）

旨在通過擴展思維來提高寫作能力

課程名稱：如果無話可說，你怎麼能寫得好？

七年級、八年級和九年級是學生拓寬世界視野的最佳時機。他們需要在不同的學科中產生的想法之間尋找關聯點，了解世界政治，認識手機屏幕之外的廣闊天地，思索有關價值觀並檢視其價值。

只有當學生產生了有趣的想法時，他們才能寫出有趣的東西。只有當學生討論過具體的例子時，他們才能豐富自己的想法並寫出詳實的內容。

本課程是培養11及12年級所需的技能，在開始提升這些所需技能前，需確保有充足的時間訓練。

English Philosophy Classes for Year 7,8 and Year 9, 10 Students (2 levels)

Aimed at Developing Writing by First Developing Thinking

Course Title: How Can You Write Well If You Have Nothing To Say?

Year 7, Year 8 and 9 is the perfect time for students to widen their view of the world. They need to make connections between ideas encountered in different subjects, know what is happening across the world in politics, look elsewhere other than their phone screens, think about values and test values.

It is only when students have interesting thoughts that they can write interestingly. It is only when students can discuss specific examples that they can develop their ideas and write at length.

This course looks to developing the skills required at Year 11 and 12 levels, but begins the process when there is enough time to allow these skills to develop.
